

Sovereign Bumper-Guard™

A New Benchmark in Vehicle Front Protection.

Our all new **Sovereign Bumper-Guard™** is a stylish, effective front protection accessory, designed by our Gold Coast based design team using premium local raw-materials and manufacturing know-how. It is the perfect solution for today's requirements in protecting your vehicle in our urban jungle, whilst also exceeding new pedestrian safety expectations.

A New Accessory Solution:

- ✓ A new product with superior styling.
- ✓ A new concept with superior integrated fit to the vehicle.
- ✓ A new accessory design that complements the vehicle design features.
- ✓ Integrates into the vehicle safety structure, using a unique "Absorber™" mounting system.
- ✓ Light weight – high strength design that does not create excessive stress on any vehicle components.
- ✓ Protects all the vital vehicle parts behind the Bumper-fascia opening.
- ✓ Does not compromise any vehicle characteristics, including vehicle safety systems, engine cooling, lighting effectiveness, park sensors, occupant or other road user safety, electronic drive assist and guiding systems.

Product Finishes

The **Sovereign Bumper-Guard™** is available In a "Sovereign Titanium pearl" finish. It is a:

- ✓ Rich metallic colour
- ✓ With a pearlescent sheen
- ✓ Low maintenance
- ✓ Long lasting
- ✓ No need for re-polishing

The corner castings and add-on options are also available in a contrasting "Sovereign Ebony pearl" finish. Alternatively the product is available in a highly polished finish.
